

Environmental Policy

As part of our overall goal of implementing the principles of sustainable development in all areas of our work we are committed to the continuous improvement of our environmental performance, our aim is to ensure that environmental objectives are integrated into relevant business objectives in a cost-effective manner.

Hill-Tec Ltd is committed to a positive and responsible course of action regarding those aspects of the business which impact upon the environment. It seeks always to act in accordance with good practice, preserving and, where possible, enhancing the quality of the environment.

Commitment to the environment is demonstrated by focusing on preventing pollution and continuously improving the company performance. Key components require the company to achieve continual improvement and the establishment of programs to ensure satisfaction of improvements, objectives, and targets.

The policy addresses the following key areas to:

- Review Environmental impacts
- Accomplish waste reduction
- Increase employee awareness
- Protect natural resources
- Recycle materials and minimize waste
- Relate to customers and regulatory authorities
- Safely transport and dispose of waste materials

Management, staff, and employees are encouraged to liaise and work closely with suppliers, sub-contractors, and customers to ensure that services will meet and exceed all regulatory requirements and other applicable requirements.
